Forsyth

FORSYTH, the county seat of Taney county, is a beautiful and centrally located city at the junction of the sparkling waters of the Swan with the swift and crystal current of the beautiful White river. The site is ideal, and the little, well built and well painted city, fastened at the meeting of the waters like a gem at the throat of beauty, while the wooded ridges flank in every direction the central figure, all form a picture which lingers long in the memory of the visitor—and he usually comes back to refresh the picture.

The Presbyterian church has decided to locate here its college for southwestern Missouri and northwestern Arkansas, making of Forsyth a prominent college town. The fact that Forsyth donated a forty-acre site and over three thousand dollars toward the establishment of this school sufficiently indicates the attitude of our people toward the higher education. The fact that the committee representing the church required an option on an additional 120 acres of land affords some clue to the plans of the school.

We have a good graded school, a neat stone chapel open to all churches, a well supported union Sunday school, daily mails from all directions—in short, more advantages than many a more populous and wealthy community.

A steamer is soon to be placed on White river for freight and passenger service, with headquarters at this place, to make daily trips to the new town of Branson, ten miles west on the White River railroad. A mail and hack line with headquarters here, gives daily connection with the "Prisco System" at Chadwick.

Most lines of business are represented, including general merchandise, drugs, millinery, hotels, livery, lumber, meat market, undertaking, printing, painting, milling, blacksmithing, carpentry, etcetera. We have an able and sufficiently numerous corps of lawyers, a good physician, and real estate men enough.

We need a resident dentist, a furniture store, a hardware store, a wood-working factory to utilize our native woods, and various other enterprises can find or make good openings.

School Notes.

We are now beginning to work on our commencement exercises. Our exercises will occur on the two nights, April 11th and 12th; the school rhetorical the first night, and the second night the regular graduating exercises. Names of the graduates, and the program will appear later.

Our outside attendance is the largest it has ever been. The outside tuition this year will more than double what it was last year.

In the past six months we have had all told, only thirteen tardies.

You Know What You Are Taking when you take Grove's Tasteless Chill Tonic, because the formula is plainly printed on every bottle, showing that it is simply iron and quinine in a tasteless form. No cure, no pay. 50c.

Envelopes printed while you wait. On Saturdays only, you can secure a bunch (25) of XX No. 6 white envelopes at the Republican office, with your name and address neatly printed thereon, for 10 cents, the price of the envelopes alone. Remember, on Saturdays only. Mail orders 4 cents extra.

FOR SALE—Brood mare, brood sow and shoats, corn, six horse collars. J. W. Dunn, five miles northwest of Forsyth on Walnut Shade road.

J. E. Felkins brought in that new hack Tuesday evening. It is a two-seated rig and a beauty. Everybody will want to go to Chadwick now.

Messrs. Hughes and Gritzmacher have been making considerable improvement on their places east of town in the way of new fences.

Stops the Cough and Works off the Cold. Laxative Bromo Quinine Tablets cure a cold in one day. No cure, no pay. Price, 50c.

FOR SALE—Span of mules, three years old; also a new wagon. Will be sold cheap. Inquire of or write to, J. L. GORDON, Taneyville, Mo.

Wanted—to buy a small stock farm, good house, barns and fences, all in good condition, about 60 acres in cultivation, plenty running water, no flooded land. Give full particulars, location and price. Address, E. SEYMOUR, 4633 Evans Ave., St. Louis, Mo.

Notice to District Clerks.

Under the law you are required to certify to the county clerk within five days after the Annual school meeting the result of the votes cast for county commissioner. Everybody will be anxious to know who is to be our next commissioner. Be sure and send these in within the proper time and if it is convenient I would suggest that you certify this in the evening of the meeting so that the result may be readily known. I give this notice as some were a little tardy last year in sending in their reports.

W. H. Church of District 42 fell into truth shop Tuesday morning with a grip of items from his side of the river, and for the sake of keeping his hand in, put them into type and placed them on a galley.

The B. B. Price building on the east side of the square has been finely fitted with counters, shelves and drawers, and is ready for the reception of a stock of goods. The equipment is a handsome one and a credit to the town and to the workmen, Messrs. Selsor and McManus.

Specimens of ores from different localities continue to show the presence of gold and silver, in quantities more or less encouraging, and there seems to be abundant reason to keep up the habit of looking into things, and especially into the rocks, in this section of the Ozarks.

In the interest of the community and good order it is to be hoped that Judge Moore "wont do a thing" to those fellows who have so little personal courage as to think it necessary to carry concealed artillery with which to defend themselves. A brave man does not think it necessary to go armed.

Backache is never known to those persons who take an occasional dose of Pineules. The value of the resin obtained from the pine tree has long been recognized in the treatment of diseases of the bladder and kidneys. One dose of Pineules will give relief, and one bottle will cure. Sold by J. A. Lamb, druggist, Taneyville.

Messrs. H. D. Woolley and C. L. Moore, of Columbus, Ohio, who have been camping here for some time and enjoying our hunting and fishing, started down the river this morning in a houseboat, bound for the mouth of the river, perhaps further. We join with the many friends they have made here in wishing them a safe and enjoyable trip.

Mrs. Lois Stires entertained a few of the young people at a card party last night at the Hillsbeck hotel, in honor of Messrs. L. C. Moore and H. D. Woolley, of Columbus, Ohio. Those present were Misses Maud Parrish, Bessie Parrish, L. Johnson, Mrs. N. Carroll, Mrs. Bertie Parrish and Messrs. C. B. Ford, Ray Price, Manfred Groom, W. H. Johnson, Lonnie Parrish, and Carl Parrish. The guests report a fine time.

Hon. J. M. DePuy came in Sunday evening from Jefferson City, after helping to elect the first Republican U. S. senator in almost a generation. The Republican acknowledges a pleasant call. Mr. DePuy can tell many interesting things in regard to the late session of the legislature, and especially in regard to the strenuous closing incidents. He expressed himself as very glad to be at home once more.

It is difficult to cure a cough or free yourself from the discomforts of a cold unless you move the bowels. Bee's Laxative Honey and Tar acts on the bowels and drives all cold out of the system. Then comes its soothing effect and strengthening influence upon the throat and lungs. For croup, whooping cough, colds and all lung and bronchial affections, no remedy is equal to the original Laxative Honey and Tar. Sold by J. A. Lamb, druggist, Taneyville.

Dr. Crone, the Springfield

Dentist, will be in Forsyth

April 24th, 25th and 26th.

Longer if engaged.

Many cases of litigation between farmers themselves and between farmers and people of other vocations could be prevented if the parties thereto were properly advised about each other's rights and obligations in the beginning. There are not many lawsuits among farmers in Taney county. Our farmers are peaceable folk and know how to settle their own differences; but occasionally questions arise where a little knowledge of law will save a farmer the value of a field of corn or a big bunch of shoats. An excellent way to get this morsel of legal lore in time is to be a regular subscriber for The Farmer and Stockman, of Kansas City, Mo., a very popular farm paper with our people, which has a regular legal department each week, answering inquiries about line fences, road laws, damage suits, conveyances and other legal problems puzzling to the farmer. Such a department is something comparatively new in farm journalism. The Farmer and Stockman having been the first to introduce this valuable feature. The paper, of course, contains all the usual features of a good farm journal besides. We take subscriptions for it at the Republican office.

Croup is quickly relieved, and whooping cough will not "run its course" if you use the original Bee's Laxative Honey and Tar. This cough syrup is different from all others because it acts on the bowels. You can not cure croup and whooping cough until you rid the system of all congestion, by working off the cold through a copious action of the bowels. Bee's Laxative Honey and Tar does this, and cures all coughs, croup, whooping-cough, etc. No opiates. Sold by J. A. Lamb, druggist, Taneyville.

Mildred, daughter of Mr. and Mrs. B. B. Price, who has been ill for several weeks, was taken suddenly worse the first of the week, and her mother, who had gone to St. Louis to purchase goods for the store, was summoned home by a message sent Tuesday noon, arriving Wednesday evening. Mildred is in a critical condition, but it is thought there is a change for the better. The many friends of the family hope for the best.

A note from Piedmont, Kansas, to the Republican, states that James, son of V. A. Cummings, of Walnut Shade, recently arrived there after a visit in Taney, that he has worked for two years and has been chosen superintendent of the Sunday school. A reception was given in his honor shortly after his arrival. This paper is always pleased to bear pleasant things of Taney county people, at home or abroad.

Forty-two of those "New Home Library" books were taken out within twenty-four hours after their arrival at the Republican office. This shows they are not only wonderfully cheap but very attractive. The full list of titles from which one may order is nearly a thousand. Come in and investigate.

Dr. G. W. Gloyd of Kirbyville transacted business in town Monday. He ran into the Republican office long enough to remark how well he was pleased over the election of a Republican to represent Missouri in the U. S. senate.

The dance at the Groom hall last Friday night is said to have furnished an unusual amount of fun, including a general battle. It is understood that whisky played its usual part in such warlike demonstrations.

Peter Simon is a new recruit at Branson to the Republican's happy family of readers. Be careful to get this name coupled right for fear of getting A. D. 32 biography mixed with 1905 chronology.

Messrs. L. B. Howard of Hercules and C. F. Fantlinger, late of Johnstown, Pa., now of Bradleyville, dropped into this truth shop last press day to see the wheels go round.

The concert at the stone chapel Friday evening was a complete success musically, and the attendance was fair, the proceeds being about six dollars.

A correspondence from Pedrow, too belated to publish, tells an interesting story of crippled mail service on account of the late high water.

Wm. Johnson, Kirbyville's bustling meat market man, was in town Tuesday and joined the Republican's big Kirbyville list of readers.

Miss Gertrude Stokely made a visit to relatives in Christian county, where, we are sorry to say, she was taken ill with a fever and is not able to come home.

We regret to say that E. F. Logue is on the sick list. He expects to take and overland trip this summer and lead the life of a gipsy for a time, in the interest of his health.

Mrs. Mary Norwine of Fourchea Renault, this state, is making a visit with her home folks. (Joseph Ingenthron and family.) and expects to return home Monday. Mrs. Ingenthron will go home with her and remain all summer, in the hope of regaining her health, which has been very poor of late.

March 18.

Mrs. Sarah Hetzler, who had been with her daughter, Mrs. W. H. Price, for nearly two weeks, on account of the latter's illness, returned to her home near Dickens Tuesday. Mrs. Price, who was suffering with an attack of la grippe, is considerably improved.

A Foolish Misrepresentation.

Some one has been circulating the report that I said: "If I am elected Commissioner of schools I will 'fail' everyone who is attending school at Lead Hill, Ark." The above is pure rot. I never even thought of saying such a thing. If I am elected commissioner the grading of every paper will be open to the inspection of its owner at any time. All candidates for certificates will look alike to me.

A. P. NELSON.

A New Family.

At noon on the 14th instant, at the home of the bride's mother near Taney City, Probate Judge Dickenson officiating, Mr. Roy Brown and Miss Mary Liebbart were joined in bonds of wedlock, in the presence of their own people only.

These young people stand well in the county, Mr. Brown being a young man of integrity and sobriety, and the bride one of the belles of Taney City vicinity and one of the most successful school teachers in the county. Mr. Brown has leased the Wheeler bottom farm near Forsyth, where they will be at home to the friends, who are legion. The Republicans joins in the chorus of good wishes for their future.

The Republican received a correspondence the other day written on both sides of the paper and with nothing to indicate the identity of the correspondent. The writer is probably wondering why it isn't in the paper.

"Your rose is awful red!" and your head roars like the "steam kars." Anti-Grippe, at Parrish's, will stop it.

Proper Treatment of Pneumonia.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by City drug store.

T. J. Howe of Mincy informs the Republican that Isaac Hornbeak of that place, who has been an invalid for a long time, is progressing toward recovery, news which will be welcome to his many friends.

Notice to Taxpayers.

On account of the bad weather I have been lenient in sending out my notices, but now that winter has broken I can see no reason for your not coming in and making some arrangement about settling up that tax. Unless you come in and settle or make some arrangement in regard to settlement I shall be compelled to send my deputy to see you, which means an added cost to you of fifty cents.
